

# BEYOND THE THIRD YEAR...

Doing Mathematics & Statistics and looking for a career in research, business, industry etc.?

Options to consider:

## **Master of Science - Mathematics and Statistics** (MSc):

2 year (full-time) program comprising of 150pts of MSc level coursework and a 50pt research project. A number of scholarships ranging from up to \$6,000, to up to \$10,000 are available to MSc students. More information about scholarships can be found here:

[http://www.ms.unimelb.edu.au/Students/MSc\\_Honours/scholarships.php](http://www.ms.unimelb.edu.au/Students/MSc_Honours/scholarships.php)

## **Postgraduate Diploma in Science - Mathematics and Statistics** (PGDip):

1 year (full time) *coursework only* program comprising of 100pts of discipline subjects (of which at least 50pts must be at MSc level).

These courses provide a pathways into a research career or a stepping stone to a career in industry.

INFORMATION SESSIONS WILL BE HELD IN SEPTEMBER 2014.

These programs are available part-time.

For more information, please visit

<http://www.ms.unimelb.edu.au/> → Prospective Students → Choose what you want.

NB: Note that selection into the programs is based on your marks for third year subjects!
